Viking Ultra-Pure seed is produced in isolation using dedicated equipment and controlled processes. We guarantee that a representational lot sample of the seed in this container has been stringently tested and found to be 99.9% free of the adventitious presence of known GE and/or GMO traits. This purity guarantee applies only to the seed in this container. We make no guarantee about the purity or salability of grain produced from this seed.

We guarantee that Viking Seed Corn labelled with the PURE and ULTRA PURE labels has been tested using PCR tests at an AOSCA Certified lab and meets the purity levels stated on the label. We do not guarantee that it will show the same results with all tests or testers.
