Contents: May be coated with SoilBiotics 1r and SabrEx Seed coatings - Seed contents have been coated with SoilBiotics 1r and/or SabrEx. SoilBiotics 1r and SabrEx Seed coatings contain non-food ingredients and seed contents should not be used for feed, food or oil purposes and should be kept out of the reach of children. The seed in this bag is not the result of genetic engineering. We do not guarantee this seed to be 100% free of the adventitious presence of genetically-modified organisms. We cannot guarantee that grain harvested from this seed will be 100% free of the adventitious presence of genetically-modified organisms.

Viking Ultra-Pure seed is produced in isolation using dedicated equipment and controlled processes. We guarantee that a representational lot sample of the seed in this container has been stringently tested and found to be 99.9% free of the adventitious presence of known GE and/or GMO traits. This purity guarantee applies only to the seed in this container. We make no guarantee about the purity or salability of grain produced from this seed. We guarantee that Viking Seed Corn labelled with the ULTRA PURE label has been tested using PCR tests at an AOSCA Certified lab and meets the purity levels stated on the label. We do not guarantee that it will show the same results with all tests or testers.
