Contents: 100% Organic Viking Seed Corn with Resid HC Seed coating - Seed contents are certified organic by Ecocert and are not the result of genetic engineering. Seed contents have been coated with Resid HC seed coating. As with any crop inputs, the user of this seed is encouraged to contact their organic certifier before using this seed. Resid HC Seed coating contains non-food ingredients and seed contents should not be used for feed, food or oil purposes and should be kept out of the reach of children. The seed in this bag has not been treated with material prohibited by the National Organic Program including synthetic insecticide, fungicide, or inoculant. The seed in this bag is not the result of genetic engineering. We do not guarantee this seed to be 100% free of the adventitious presence of genetically-modified organisms. We cannot guarantee that grain harvested from this seed will be 100% free of the adventitious presence of genetically-modified organisms.

Viking Ultra-Pure seed is produced in isolation using dedicated equipment and controlled processes. We guarantee that a representational lot sample of the seed in this container has been stringently tested and found to be 99.9% free of the adventitious presence of known GE and/or GMO traits. This purity guarantee applies only to the seed in this container. We make no guarantee about the purity or salability of grain produced from this seed. We guarantee that Viking Seed Corn labelled with the PURE and ULTRA PURE labels has been tested using PCR tests at an AOSCA Certified lab and meets the purity levels stated on the label. We do not guarantee that it will show the same results with all tests or testers.

Seed Coating Codes*:

- SabrEX Root Inoculant:** SabrEX contains Trichoderma microbials for improved stress resistance and enhanced water and nutrient efficiency. Sabrex is not a pesticide and is exempt from federal registration under section 25(b) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). As with any dust, wear appropriate protective gear, avoid skin contact or breathing of dust, and follow the caution statements of other coatings if SabrEX is combined with other coatings. Individuals allergic to molds and/or fungi should take precautions to avoid contact with the eyes or skin. To minimize risk of allergic exposure, individuals should wear standard protective clothing and equipment including gloves, safety glasses, and a NIOSH approved respirator. In case of allergic contact, immediately flush the exposed areas with water. Seek medical attention if irritation develops or persists. Manufactured in the U.S. by ABM, P.O. Box 222, Van Wert, OH 45891. 877-617-2461
- Organic 1r - Seed Treatment:** Organic 1r - Seed Treatment is a Humic Acid based, non-polymer liquid. Organic 1r - Seed Treatment is formulated to coat and penetrate* seed surface, desiccating germination inhibiting spores. Follow the caution statements of other coatings if Organic 1r - Seed Treatment is combined with other coatings. It is non-toxic, safe to handle, contains no microbes or bacteria, and is certified for organic use by OMRI and CDFA. Individuals should take precautions to avoid contact with the eyes or skin. In case of allergic contact, immediately flush the exposed areas with water. Seek medical attention if irritation develops or persists. Manufactured in the U.S. by SoilBiotics, 2902 W. State Rt. 17, Kankakee, IL 60901. TEL: (815) 929-1752.
