If a variety name/number is printed on the front of this tag, Albert Lea Seed is licensed to sell this variety by the genetic originator. Most of these varieties are patented or have patents pending. If the variety is patented or has a patent pending, the person or farm planting this seed is authorized under this patent to use this seed to grow a single commercial crop of harvested material for use or sale as food, feed, processing, or fiber. No authorization is granted for subsequent generations of seed or plants for any purpose. (For the current patent status of soybean varieties, visit: www.soybeangermplasmtpatent.com.) If the variety in this bag is covered under Plant Variety Protection (PVP), a PVP statement will be attached to identify the level of PVP protection for the listed variety.

NOTICE TO BUYER - LIMITATIONS OF WARRANTY

Albert Lea Seed warrants that seed or other products sold by it conforms to the description on the label within tolerances established by law. The liability of Albert Lea Seed shall be limited solely to the amount of the purchase price of the seed or other products. By accepting the seed or other products, the Buyer acknowledges the limitations and disclaimers herein constitute the entire agreement between parties regarding the warranty and all remedies.

Soybeans and NonGMOs

The soybean seed in this bag is not a GMO (genetically modified organism). It was not bred or produced to contain traits derived in any way from recombinant DNA technology. Unless otherwise stated we guarantee this product to be 99.5% free of the adventitious presence of GMOs. We do not guarantee this seed to be 100% free of the presence of GMOs. Furthermore, we do not guarantee that the grain or forage harvested from this seed will be marketable as "non-GMO" grain or forage.
